GOLD PLAN: Enjoy the peace of mind of having a safe, clean and steady water supply by allowing Tech House to professionally service your water filtration system. Our service program is designed to extend the life of your equipment by allowing us to properly service it and to never worry about an unexpected bill again. Our service technicians are extensively trained to NOT JUST service your water filtration system but to also understand the importance of keeping your family safe by making sure you water supply it's care for. Our service program always start with a full water test to ensure that your system is performing correctly and it continues with all the necessary steps to ensure we are able reach the highest quality preventive maintenance. Tech House's service program put your system under LIFETIME WARRANTY WITH PARTS AND LABOR.

(Pressure tanks and pumps are not included) **Residential: \$59 / Residential RO: \$129 / Commercial: \$189 / Industrial: \$249**

PLATINUM PLAN: Tech House's Platinum plan was designed with the same great benefits of the Gold Plan but it also extends the LIFETIME WARRANTY WITH PARTS AND LABOR to your pump and pressure tank. This plan also includes all chemicals, up to 6 bags of salt per month, carbon rebeds, resin rebeds, sediment filters, RO filter change, squeeze tubes and white resin replacement. Basically the Platinum Plan will cover 100% of your water system, including parts and labor.

(NOT available on Commercial or Industrial Systems) **Residential: \$179 / Residential RO: \$249**

All of these plans are designed to give you the best possible results to enjoy healthy and great tasting water. It is critical to complete a full inspection of the system before registering with any of these programs. If the inspection reveals any problems with the system that needs attention, we will let you know and put together a plan to fix it prior to starting service.
